The old woman crumpled with a papery rustle, as though she were an elaborately folded piece of origami. She would be unconscious for a while, and after she came around, she probably wouldn't remember who she was, let alone what make of car she'd been driving, until Junior was well out of Eugene. "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt." Barty stood in the rain, surrounded by the rain, pummeled by the rain, with the rain. Saturated grass squished under his sneakers. The droplets, in their millions, didn't bend-slip-twist magically around his form, didn't hiss into steam a millimeter from his skin. Yet he remained as dry as baby Moses floating on the river in a mother-made ark of bulrushes. Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau. Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road. Amazed, Agnes gaped at her baby. The throat lump that blocked her speech was part pride, part awe, and part fear, though she didn't at once understand why this wonderful precociousness should frighten her. "Most tornadoes stay on the ground twenty miles or less," Edom explained, "but this one kept its funnel to the earth for two hundred nineteen miles! And it was one mile wide. Everything in its path--torn, smashed to bits. Houses, factories, churches, schools--all pulverized. Murphysboro, Illinois, was wiped off the map, erased, hundreds killed in that one town." Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies. Meanwhile, he became an accomplished meditator. Guided by Bob Chicane, Junior progressed from concentrative meditation with seed the mental image of a bowling pin to meditation without seed. This advanced form is far more difficult, because nothing is visualized, and the purpose is to concentrate on making the mind utterly blank. "All right," Celestina conceded, and looked relieved. "Thank you, Paul. You're not only an exceptionally brave man but a gracious one, as well." They agreed that to the outside world, Barty must continue to appear to be a sightless man or otherwise either be treated like a freak or be subjected, perhaps unwillingly, to experimentation. In the modern world, there was no tolerance for miracles. Only family could be told of this development. The subcontractor who built the quarter-spitting coin boxes was James Hunnicolt, but everyone called him Jimmy Gadget. He specialized in electronic eavesdropping, building cameras and recorders into the most unlikely objects, but he could do just about anything requiring inventive mechanical design and construction. He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street. Eye to eye with Tom, Celestina herself did some clear-seeing. "You're special, too, in lots of obvious ways. But like Angel, you're special in some secret way ... aren't you?" In the chilly darkness, his breath plumed visibly, frosted by moonlight. The rapidity and raggedness of his radiant exhalations would have marked him as a guilty man if witnesses had been present. "I know Edom and Jacob have been a burden," said Vinnie, "you having to be responsible for them-". "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." "Some men," she said, "wouldn't be able to sustain desire when their hands touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's why I brought you here, so you'd know this before you consider where you want to go from ... where we are now." "What are you strongest in?" The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. By the time he ordered cr?me brulee for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar? In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined. The poor girl's blood pressure soared in spite of the medication. She suffered a violent seizure, do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die. Although he harbored no fear of coming under suspicion for the murder of Victoria Bressler, he intended to leave Spruce Hills this very night. No future existed for him in such a sleepy backwater. A wider world awaited, and he had earned the right to enjoy all that it could offer him. He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim. He was, admittedly, surprised that Nurse Bressler was strongly compelled to come on to him even though she had read his patient file and knew that he'd recently been a veritable geyser of noxious spew, that during the violent seizure in the ambulance, he had also lost control of bladder and bowels, and that he might at any moment suffer an explosive relapse. This was a remarkable testament to the animal lust he inspired even without trying, to the powerful male magnetism that was as much a part of him as his thick blond hair. She was four years older than Phimie. They hadn't i;mn a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down. Each page comprised four columns of names and numbers, most with addresses. Approximately one hundred names filled each column, four hundred to a page. No mystery here. No reason to leap to the ceiling and cling upside down like a frightened cartoon cat. If he killed Bartholomew and got away clean, as he expected that he would, then he could subsequently return everything in the van to the apartment. He was just being prudent by planning for his future, because the future was, after all, the only place he lived. "I mean it. You have a lot of responsibilities here. Barty. Pie Lady Services. People who depend on you. Friends who love you. When you came on board with me, mister, you bought into a whole lot more than you can walk away from." After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet. Celestina was amazed by her own courage in combat and by the steady

calm that served her so well now. She wasn't shaken by the thought of what might have happened to her, and to her daughter, because her mind and her heart were with Wally-and because, having been watered with hope all of her life, she had a deep reservoir on which to draw in a time of drought..In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it..On the morning in August that Agnes came home from Dr. Joshua Nunn's office with the results of tests and with a diagnosis of acute myeloblastic leukemia, she asked that everyone pack up and caravan, not to deliver pies, but to visit an amusement park. She wanted to ride the roller coaster, spin on the Tilt-A-Whirl, and mostly watch the children laugh. She intended to store up the memory of Barty's laughter as he had stored up the sight of her face in advance of the surgery to remove his eyes..He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing..Celestina slammed the door, pressed the lock button in the knob, shoved-rocked-muscled the dresser in front of the door, astonished by her own strength, and heard Angel speaking into the phone: "Mommy's moving furniture..". "Too few," said Maria, "might mean you made an admirably small number of moral mistakes but also that you failed to take reasonable risks and didn't make full use of the gift of life..". Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable.. "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us..". "I can talk to you," he said to Salk. "You'll understand. She was hero, the only one I ever knew till I met you. I've read about them all my life, in pulp magazines and paperbacks. But Perri ... she was the real thing. She didn't save tens of thousands-hundreds of thousands of children like you've done, didn't change the world as you've changed it, but she faced every day without complaint, and she lived for others. Not through them. For them. People called her to share their problem, and she listened and cared, and they called her with their good news because she took such joy in it. They asked for her advice, and though she was inexperienced, really, so short of experience in so many ways, she always knew what to say, Dr. Salk. Always the right thing. She had great heart and natural wisdom, and she cared so much..". "Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?". Paul set the nightstand down but waited, ready to shove the furniture into the stairwell if the swaddled gunman dared return.. Having survived the night, Edom and Jacob were waiting in the hall. Each kissed his nephew, but neither could speak.. Celestina told them about Nella Lombardi and about the message Phimie delivered to Dr. Lipscomb after being resuscitated. "Phimie was, . . . so special. There's something special about her baby, too..". As they savored the icy martinis, she asked about the client, and Nolly said, "He bought the story. I won't be seeing him again..". The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone..". Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit.. Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this..". Now Barty peered at the card, smacked his lips, smiled, and said, "Ga." With a flatulent squawk of the butt trumpet, he soiled his diaper., "Could you undo the spell you put on her?". Barty's mathematical genius proved to have a valuable practical application. Even in his blindness, he perceived patterns where those with sight did not. Working with Tom Vanadium, he devised strikingly successful investment strategies based on subtleties of the stock market's historical performance. By the 1980s, the foundation's annual return on its endowment averaged twenty-six percent: excellent in light of the fact that the runaway inflation of the 1970s had been curbed.. Maria stopped praying with her knuckle rosary and resorted to a long swallow of wine.
