The odds against this phenomenal eleven-card draw must be millions to one, which seemed to give the predictions validity.. "I want you to adopt the baby." Before they could react, she hurried on: "I won't be twenty-one for four months yet, and even then they might give me trouble about adopting, even though I'm her aunt, because I'm single. But if you adopt her, I'll raise her. I promise I will. I'll take full responsibility. You don't have to worry that I'll regret it or that I'll ever want to drop her in your laps and escape the responsibility. She'll have to be the center of my life from here on. I understand that. I accept it. I embrace it." "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose

to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." His entire body throbbled from his neck to the tips of his nine toes. His legs were the worst, filled with hot twisting agony. The quiet passion in Vanadium's voice was genuine, expressed with reason but not fervor, not in the least sentimental or unctuous—which made it more disturbing. "Vibrations in one string set up soft, sympathetic vibrations in all the other strings, through the entire body of the instrument." Setting out after dark, Paul had walked south, following the coastal highway. He was accompanied by the windy rush of passing traffic, but later only by the occasional cry of a blue heron, the whisper of a salty breeze in the shore grass, and the murmur of the surf. Without pushing himself too hard, he reached La Jolla by dawn. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. Her mouth was as greedy as it was ripe, and her pliant body radiated volcanic heat, and as Junior slipped his hands under her skirt, his mind teemed with thoughts of sex and wealth and power, until he discovered that the heiress was an heir, with genitalia better suited to boxer shorts than to silk lingerie. "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." In a monotone that gave new meaning to deadpan, the detective added: "I'm the only one who was there who doesn't have a dry-cleaning bill." Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal. Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables. And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb? Thrusting the red rose at her again, insistently pressing it against her hand to distract her, Junior swung the Merlot, and just as Sinatra sang the word sugar with a bounce, the bottle smacked Victoria in the center of her forehead. If he hadn't been such a rational, stable, no-nonsense person all of his life, Junior might have thought he was losing his mind. In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it. Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris. "With this money, you won't have to cut back on the number of pies you give away—and all of that." Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget." On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier. And speak the tongues of man and drake. Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door. "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either." Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five. Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise. It's unsettling. For all our delight in the impermanent, the entrancing flicker of electronics, we also long for the unalterable. To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out." "I mean," said Dr. Lipscomb, "that I'm selling my practice and putting an end to my medical career. I wanted you to know." "Nervous," he said, and howled when one of the paramedics proved to be a sadist masquerading as an angel of mercy. Standard decks of playing cards are machine packed, always in the same order, according to suits. You can absolutely count on the fact that each deck you open will be assembled in precisely the same order as every other deck you have ever opened or ever will open. Rico, her own husband—a drunkard and a gambler—had run off with another woman, abandoning Maria and their two small daughters. No doubt, he had departed in a spotlessly clean, sharply pressed, perfectly mended ensemble. As was true of the entire house, the bedroom was immaculate. The wood floor gleamed as though polished by hand. A simple white chenille spread conformed to the bed as smoothly and tautly as the top blanket tucked around a soldier's barracks bunk. As home tours went, this one was notably less interesting than most. The accountant appeared to have no secret life, no perverse interests that he hid from the world. "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody." As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident." For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there. Wally switched off the engine and killed the headlights. "Home, where the heart is." In spite of major earthquakes pending, explosions of dynamite hauling trucks on the highway, tornadoes somewhere churning, the grim likelihood of a great dam bursting along the route, freak ice storms stored up in the unpredictable heavens, crashing planes and runaway trains converging on the coastal highway, and the possibility of a sudden violent shift in the earth's axis that would wipe out human civilization, they risked crossing the boundaries of Bright Beach and traveled north into the great unknown of territories strange and perilous. In his light backpack, he carried one change of clothes, spare socks, candy bars, bottled water. He planned his journeys to be in a town every nightfall, where he washed one set of clothes and donned the other. He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again. A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts. He was uncomfortable, achy, thirsty, but he remained utterly still and observant. After a while, he realized that the sense of

oppression with which he'd awakened was not entirely a psychological symptom: Something heavy lay across his abdomen. And it was cold-so cold, in fact, that it had numbed his middle to the extent that he hadn't immediately felt the chill of it. Shivers coursed through him. He clenched his jaws to prevent his teeth from chattering and thereby alerting the man in the chair. Although he never took his eyes off the corner, Junior became preoccupied with trying to puzzle out what was draped across his midsection. The mysterious observer made him sufficiently nervous that he couldn't order his thoughts as well as usual, and the effort to prevent the shivers from shaking a sound out of him only further interfered with his ability to reason. The longer that he was unable to identify the frigid object, the more alarmed he became. He almost cried out when into his mind oozed an image of Naomi's dead body, now past the whitest shade of pale, as gray as the faint light at the window and turning pale green in a few places, and cold, all the heat of life gone from her flesh, which was not yet simmering with any of the heat of decomposition that would soon enliven it again..She had lighted one candle for each of eleven apostles, none for the twelfth, Judas, the betrayer. Consequently, after burning a fragment of the cards in each votive glass, she was left with one piece..From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer..Naked, dripping, he roamed the apartment. As on the night of December 13, the voice seemed to arise from thin air: ahead of him, then behind him, to the right, but now to the left..A nurse fussed over him as she helped him into bed, concerned about his paleness and his tremors. She was attentive, efficient, compassionate but she wasn't in the least attractive, and he wished she would.Agnes's faith told her that the world was infinitely complex and full of mystery, and in a peculiar way, Barty's talk of infinite possibilities supported her belief and gave her the comfort to sleep. Monday morning, New Year's Day, Agnes carried two suitcases out of the back door, set them on the porch, and blinked in surprise at the sight of Edom's yellow-and-white Ford Country Squire parked in the driveway, in front of the garage. He and Jacob were loading their suitcases into the car..Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine.
