Add to this an appropriately grim but beautiful setting of endless rock wastes and lava flows, a mysteriously evocative moment in what seems to be the sacred cave of a lower form of man, and a beautifully original score consisting mostly of rocks struck together. As you may gather, it's one of my favorite schlock movies..By the end of July he had refined and miniaturized the device and had extended its sensitivity range into the infrared. He spent most of August, when he should have been on vacation, trying various methods of detecting sound through the device. By focusing on the interior of a speaker's larynx and using infrared, he was able to convert the visible vibrations of the vocal cords into sound of fair quality, but that did not satisfy him. He worked for a while on vibrations picked up from panes of glass in windows and on framed pictures, and he experimented briefly with the diaphragms in speaker systems, intercoms and telephones. He kept on into October without stopping and finally achieved a system that would give tinny but recognizable sound from any vibrating surface?a wall, a floor, even the speaker's own cheek or forehead.. "It looks like plastic.
