The boy fell and rolled even as he pitched the can, anticipating the shots that Cain fired, which cracked into the doorframe inches from Tom's knees..Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after."The Hackachaks had arrived post-grief, brought to the hospital by the news that Junior had expressed distaste at the prospect of profiting from his wife's tragic fall. They knew he had turned away Knacker, Hisscus and Nork..Perhaps the paramedic had given him an injection, a sedative. the howling ambulance rocked along on this most momentous day, Junior Cain wept profoundly but quietly--and achieved temporary peace in a dreamless sleep.."Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door..In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood..They agreed that to the outside world, Barty must continue to appear to be a sightless man--or otherwise either be treated like a freak or be subjected, perhaps unwillingly, to experimentation. In the modern world, there was no tolerance for miracles. Only family could be told of this development..Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible..Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went.."Vomiting. I'm told it was an exceptionally violent emetic episode." "He spewed like a fire hose," Vanadium said matter-of-factly.."Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there." "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's."..He did wonder why he had chosen this night of all nights to become even a more fearless adventurer, rather than a month ago or a month hence. Instinct told him that he'd felt the need to test himself, that a crisis was fast approaching, and that to be ready for it, he must be confident that he could do what had to be done when the crunch came. Slipping into sleep, Junior suspected that Prosser might have been less lark than preparation..Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners..able to reconcile these opposed forces, she was all but paralyzed by indecision.."But in 'This Momentous Day,' Bartholomew is just the disciple, the historical figure, and he's also a metaphor for the unforeseen consequences of even our most ordinary actions."..After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs."..The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely..The papermaker withdrew a thick wad of hundred-dollar bills from his envelope and, squinting, inspected the currency in the flickering light. "I'm leaving now, but you wait until movie's over."..Celestina extended her left hand, which shook so badly that she nearly knocked over both their wineglasses. "I will."..Agnes saw no arc of color from candle to candle, and she thought that he must mean for her to look at the many cut-crystal wineglasses and water glasses, in which the lambent flames were mirrored. Here and there, the prismatic effect of the crystal rendered reflections of the flames into red-orange-yellow-green-blue-indigo-violet spectrums that danced along beveled edges..Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God..The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success.."Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean."..At eight o'clock in the evening, Junior parked two blocks past the target house. He walked back to the Prosser residence, gloved hands in the pockets of his raincoat, collar turned up..Again he fired into the lock, squeezed the trigger a second time, and discovered that no rounds remained in the magazine. Extra cartridges were distributed in his pockets..At 3:22 in the morning, December 13, following a busy day of conducting ghost research, seeking Bartholomews in a telephone book, and working on his needlepoint, Junior awakened to singing. A single voice. No instrumental accompaniment. A woman..Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode..The Book of the Dark, written late in the time it tells of, is a compilation of self-contradictory histories, partial biographies, and garbled legends. But it's the best of the records that survived the dark years. Wanting praise, not history, the warlords burnt the books in which the poor and powerless might learn what power is..As he passed the living-room archway, he said, "Watch out for tidal waves, Uncle Jacob."..The syphilitic-monkey comparison struck Tom Vanadium as bizarre, but it turned out to be a sober judgment based on experience. In his fifties, Sparky had worked as the chief of maintenance at a medical-research laboratory, where--among other projects--monkeys had been intentionally infected with syphilis and then observed over their life span. In the terminal stages, some of the primates engaged in such out? behavior that they had prepared Sparky for his eventual encounter with Enoch Cain..When she looked up from Barty, she saw the attorney with his

hands full of documents. "Surprise? I know what's in Joey's will." Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark. According to the cards, Barty would be rich financially, but also in talent, spirit, intellect. Rich in courage and honor, Maria promised. With a wealth of common sense, good judgment, and luck. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi." She was not yet twenty-one, and he was at least twice her age, but he leaned like a small child against her, and like a mother she comforted him. BASEBALL CAP IN HAND, he stood on Agnes's front porch this Sunday evening, a big man with the demeanor of a shy boy. "All right. Well ... Jesuits are encouraged to pursue education in any subject that interests them, not theology alone. I was deeply interested in physics." "Joey was, after all, an insurance broker," Vinnie reminded her. "He was going to look out for his family." FOLLOWING A SECOND NIGHT at the Sleepie Tyme Inne, waking at dawn, Junior felt rested, refreshed and in control of his bowels. He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every fife had profound purpose. Taking her mother's advice to heart, Celestina sighed. "All right. Let's just pray they catch him. But if they don't ... two weeks, and then the rest of the plan, the way you said, Tom. Except that I can't tolerate two weeks in a hotel, cooped up, afraid to go into the streets, no sun, no fresh air." Behind them, two shots roared, and Paul knew that the reverend was no longer of this world. From the chair in the corner, where Agnes sat, it seemed that Joshua took an inordinately long time on what was usually a quick examination. Worry so weighed on her that the physician's customary thoroughness seemed, this time, to be filled with dire meaning. WHILE THE SLATS of ash-gray light slowly lost their meager luster, and sable shadows metastasized in sinister profusion, the sentinel silence remained unbroken between Junior Cain and the birthmarked man. "That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal from it. Roasters die in a year or two. Where to, dowser?" He hadn't killed this one, of course. A traffic accident. Wasn't that what Vanadium had said? Ten months ago, following tendon surgery for a leg injury, Seraphim had been an outpatient at the rehab hospital where Junior worked. She was scheduled for therapy three days a week. Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations. Eleven days had passed since Wally stopped three bullets. He still had a little residual weakness in his arms, grew tired more easily than before he'd wound up on the wrong end of a pistol, complained of stiffness in his muscles, and used a cane to keep his full weight off his wounded leg. The rest of the medical care he required, as well as physical rehabilitation, could be had in Bright Beach as well as in San Francisco. By March, he should be back to normal, assuming that the definition of normal included massive scars and an internal hollow space where once his spleen had been. He rode up to the third of five floors in the service elevator, which other tenants were permitted to use only when moving in or moving out, or when taking delivery of large items of furniture. Another elevator, at the front of the building, was too public to suit his purposes. Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies. Agnes's chilled bones. Pushing a tangle of wet hair away from her face, she realized that her hands were shaking. Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching. Instinctively, he knew he should not give massages to Negroes. He sensed that somehow he would be physically or morally polluted by this contact. Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor. "Which is?" His eyes widened, and his voice became husky with pretended fear. "They're always ... evil." "By the close of business tomorrow," said the lawyer, "I expect to have an offer for your consideration." Each page comprised four columns of names and numbers, most with addresses. Approximately one hundred names filled each column, four hundred to a page. In the first drawer, he discovered an address book. Logically, Vanadium would have taken this with him, even if on the lam from a murder rap, so Junior tucked it in his jacket pocket. Regrettably, he had no choice but to conclude that she hadn't made up her mind whether to keep the baby or to seek out an illegal abortion without Junior's approval. She had been thinking about scraping his child out of her womb without even telling him. -and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf. He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real. Evidently, her face was knotted with the effort to remember what the child had looked like, for the physician said, "Yes? What's wrong?" From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer. That would not be a productive use of his time. Satisfying, but not prudent. Zedd tells us that time is the most precious thing we have, because we're born with so little of it. The second time, armed with the previously calculated fact that each regular year contains 3,153,600 seconds, and that a leap year contains an additional 86,400, she vetted Barty's answer in only four minutes. Thereafter, she accepted his numbers without verification. Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others. Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." His dry tongue, his parched mouth, his desiccated throat felt packed full of sand, and his voice lay buried alive down there. When the highway passed through a sunless ravine, he had broken into a sour sweat at the sight of the bloody pulsing reflections of the revolving rooftop beacons on the bracketing cut-shale walls. Now and then, the siren shrieked to clear traffic ahead, and he felt the urge to scream with it, to let loose a wail of terror and anguish and confusion and loss. He went directly to the kitchen and drew a glass of water at the sink faucet. He swallowed two antiemetic tablets that he had brought with him, to guard against vomiting. Thrilled by

the music but unable to understand a word of the play, he arranged German lessons with a private tutor..In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art..Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough..The longer they were required to lie low in fear, the more likely Celestina would be to cast caution aside and return to Pacific Heights, Tom knew her well enough to be sure that she was a fighter rather than a runner. Being in hiding frustrated her. Day by day, hour by hour, with no target date for resuming a normal life, she would quickly lose patience. Rubbed raw, her dignity and sense of justice would compel her to act-perhaps more out of emotion than out of reason..If that was the bright side, however, it was a piss-poor bright side (no pun intended), because he was still stuck in this men's room with a corpse, and he couldn't stay here for the rest of his life, surviving on tap water and paper-towel sandwiches but he couldn't leave the body to be found, either, because the police would be all over the gallery before the reception ended, before he had a chance to follow Celestina home..Paul pulled her back. He gently but firmly thrust her through the open door of the guest room in which he'd spent the night. "Stay here, wait."
