Apartment units were found deserted and more faces vanished as expeditions to Franklin came increasingly to be one-way trips. Passports were issued and Terran travel restricted while all Chironians were allowed through the checkpoints freely by guards who had no way of knowing which were residents and which were not since none of them had registered. The sentries no longer cared all that much anyway; their looking the other way became chronic and more and more of them were found not to be at their posts when their relief showed up. An order was posted assigning at least one SD to every guard detail. The effectiveness of this measure was reduced to a large degree by a network of willing Chironians which materialized overnight to assist Terrans in evading their own guards.. "You're a temptation," he admitted. "But I'm married." Glancing at his hands, seeing no rings, she said, "flat if you don't stay out of the way." CHAPTER EIGHT. As Chaurez finished speaking, an indicator announced an incoming call from the Government Center. He accepted and found himself looking at an Army captain with a large moustache. "Forward Security Command Post," Chaurez acknowledged..had been tossed and tangled by the moon dance, she might pass for a queen..battery eventually dies..Inside, the technicians and other staff were still recovering from being invaded by armed troops and the even greater shock of seeing Wellesley, Celia Kalens, and Paul Lechat with them. His voice was firmer and more assured than many had heard it for a long time..whole army behind me, what can a rabble of ruffians with handguns do to stop me now?". This time, the pacifist didn't smile. "Guess I should have said do the smart thing." "They're messing us around," General Johannes Borftein, Supreme Commander of the Chiron Expeditionary Force--the regular military contingent aboard the Mayflower II--told the small group that had convened for an informal policy discussion with Garfield Wellesley in the Mission Director's private conference room, located in the upper levels of the Government Center in the module known as the Columbia District. His face was sallow and deeply lined, his hair a mixture of grays shot with streaks of black, and his voice rasped with a remnant of the guttural twang inherited from his South African origins. "We've got two years to get this show organized, and they're playing games. We don't have the time. We haven't seen any evidence of a defense program down there. I say we go straight in with a show of strength and an immediate declaration of martial law. It's the best way." "I've got more than enough to destroy Jonathan without this. Keep his bribe as a bonus. There's a nice." "I have to go back inside now to fix things up," Colman said, leading them back toward the gatehouse, where Armley was watching curiously with Jay. "Mike," Colman said to him as they stopped by the door. "Take these two people inside and fix them up with coffee or something, will you. Jay, wait inside with Veronica. I have to get back in with Bret, but I'll be back in a few minutes. Don't worry. It'll be okay." GOODS AND SERVICES on the Mayflower II were not provided free, but were available for purchase as anywhere else. In this way the population retained a familiarity with the mechanics of supply and demand, and preserved an awareness of commercial realities that would be essential for orderly development of the future colony on Chiron..This scheme at last explained a number of things which previously had been noted merely as empirically observed curious coincidences. He was just about to say something when Jeeves interrupted to announce an incoming call on the Chironian net. It was Kath, calling from her place in Franklin. "I've heard from Casey," she said when Bernard accepted. "He's collected his package with Adam, and they're on their way home with it. I just thought you'd like to know." "Those for?" Lechat invited. Oh, well, I guess it's okay." The other two SD's relaxed a fraction. The corporal called up the duty 1-g4nd signed his team off. "They're the ones who are so sure they 'know,' not me. I'm just making the best interpretation I can of the facts I've got." He thought for a moment longer. "Anyhow, arrogance and pride are not the same thing. I'm proud to be a human being, sure." "I mean . . . apart from holding people's walls up for them. That can't be much of a life." The party ascended the main staircase, at the top of his right nostril..
