"January." She groaned the word. "That's forever. Kiss me good* by, Gordy." Amos and Jack climbed long and hard through the evening. When darkness

fell, at first they thought they would have to stop, but the clear stars made a mist over the jagged rocks, and a little later the moon rose. After that it was much easier going. Shortly the wind began. First a breeze merely tugged at their collars. Then rougher gusts began to nip their fingers. At last buffets of wind flattened them against the rock one moment, then tried to jerk them loose the next. The rope was very useful indeed, and neither one complained. They simply went on climbing, steadily through the hours. Once Jack paused a moment to look back over his shoulder at the silver sea and said something which Amos couldn't hear. "I'd advise you to do it," Crawford said. "I know my opinion means nothing after shooting my mouth off. I know I'm a fine one to talk; I won't be cooped up in here. But the colony needs it. We've all felt it: the lack of a direction or a drive to keep going. I think we'd get it back if you went through with this." "You for taking so much trouble for me." Hollis says, "Do you want one of those units for your birthday?" The trap door had been nailed firmly shut this time, and even Amos could not think of a plan. She was in time to see McKillian and Ralston hurrying into the lab at the back of the ship. There was a award finalist. I am also enclosing the rules for Two-Person Zorphwar, a version of the system that Hazeldorf has just completed. Up until now, play of Zorphwar has been possible only against a set of Zorph warships under the unimaginative control of the computer. With the two-person game, one player commands the Avenger while the other commands the Zorph fleet. The player terminals may be anywhere, as long as they are connected to our central computer. Thus, one player could be out there in California and the other back here in New York. context), the vocabulary of praise and blame available in English is so vague, so fluid, and so constantly. When the moon lit the clearing, the hunter returned. He could not wait until the morning. Hinda's fear had become his own. He dared not leave her alone. But he moved quietly as a beast in the dark. He left his dogs behind. X chromosomes, therefore, if, at the moment of conception or shortly thereafter, a Y chromosome can. 154. halfway to the top. Two leagues short of over there, where the third piece is, there stretches a garden. Then came the examination, the removal to the hospital, the tests and the verdict. A simple matter. Congreve's face split into a broad smile. "My third announcement is that tonight does not mark my retirement from professional life after all. I have accepted an invitation from the President to take charge of the Starhaven project on behalf of the United States as the senior member nation, and I am relinquishing my position with NASDO purely in order to give undivided attention to my new responsibilities. For those who might believe that I've given them some hard times in the past, I have to say with insincere apologies that I'm going to be around for some time longer yet, and that before this project is through the times are going to get a lot harder." hair, and the Wind's great wings filled the cave with such a roaring that the fires, had they not been. Lying there wide awake on the rough mattress, side by side in the warm air with Mary Lang, whose black leg was a crooked line of shadow laying across his body, looking up through the port at the sharp, unwinking stars? with nothing done yet about the problems of oxygen, food, and water for the years ahead and no assurance he would live out the night on a planet determined to kill him? Crawford realized he had never been happier in his life. before smashing into the stone of the fireplace. 250. They were of nearly uniform size, about four meters tall, and all the same color, a dark purple. They had. "Glowing behind those rocks," cried Amos. "When I couldn't get her to answer my knock last night, I went around to the window and looked in. He thought a moment. "Thursday, I think. Yes, Thursday." It was painful to leave the mystery for later, but there was nothing to be done about it. They could not bring themselves to uproot the thing, even when five more like it sprouted in the graveyard. There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. They felt subconsciously that it might be better to leave them alone in case they turned out to be private property. Amanda. Energy ran like a restless, self-willed thing under her skin. She could not even sit without that
