She'd had no reason to fear telling him that she was carrying their child..On the day that Vanadium attended the graveside service for Seraphim and subsequently stopped at Naomi's grave to needle Cain, he had suspected that Phimie didn't die in a traffic accident, as claimed, but he hadn't for a moment thought that the wife killer was in any way connected. Now, finding this gallery brochure in the nightstand drawer seemed to be one more bit of circumstantial proof of Cain's guilt..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-. This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still..Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions....."I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do."..Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . .".The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first..And suddenly Celestina believed that Bellini was a cop, not because his voice contained such authority, but because her heart told her that the time had come, that the long-anticipated danger had at last materialized: the dark advent that Phimie had warned her about three years ago..His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul-who was neither a Baptist nor a regular churchgoer-when he had heard it on the radio more than three years ago..As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe..Yet he brooded even at breakfast, in spite of the consolation of clotted cream and berries, raisin scones and cinnamon butter. In better worlds, wiser Tom Vanadiums chose different tactics that resulted in less misery than this, in a far swifter conveyance of Enoch Cain to the halls of justice. But he was none of those Tom Vanadiums. He was only this Tom, flawed "land struggling, and he couldn't take comfort in the fact that elsewhere he had proved to be a better man..lawn before they knew that the prodigy's invisible cloak wouldn't accommodate him as it did the girl. Cool, drenching rain pounded Tom at once, and he scooped Barty off the steps as Grace had gathered up.."Really, Angel," Barty said with genuine concern, "it might be scary. I got another one we could listen to, if you want."..Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart..Paul Damascus had gotten numerous invitations to dinner. No one thought that he should be alone on this difficult night..ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a Gore made him sick. He refused to attend movies that dwelt on the consequences of violence, and he had even less of a stomach for blood in real life.."Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?".She got out of the cab and stood on the sidewalk in front of the gallery, her legs as shaky as those of a newborn colt..As they savored the icy martinis, she asked about the client, and Nolly said, "He bought the story. I won't be seeing him again."..Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly..Vanadium's smile, in that tragically fractured face, might have alarmed most people, but Kathleen found it appealing because of the indestructible spirit it revealed..Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd."..ON THE FOLLOWING Tuesday afternoon in Bright Beach, across a sky as black as a witch's cauldron, seagulls flew out of an evil brew toward their safe roosts, and on the land below, humid shadows of the."This will stay with you," Mary said. "It's shared sight from all the other yous in all the other places, but you won't have to make any effort to hold on to it. No headaches. No problems ever. Merry Christmas, Daddy."..I could have been killed," Junior Cain repeated, suddenly so horrorstruck by this realization that an iciness welled in his gut, and for a while he wasn't able to feel his extremities..She told them of Phimie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke..She wanted to go to San Francisco with Celestina, to have the baby in the city, where the father-and not incidentally her friends and Reverend White's parishioners-would never know she'd given birth. The more her parents and sister argued against this plan, the more agitated Phimie became, until they worried that they would jeopardize her health and mental stability if they didn't do as she wished..He hurt too much to recover quickly and take advantage of the woman's brief vulnerability. Clambering to his feet, he backed away from her and fumbled in a pocket for spare cartridges.."He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about."..Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts..No sign of Vanadium. Some of the taller monuments offered hiding places on both sides of the cemetery road, as did the thicker trunks of the larger trees.."Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss..Considering his battered and stitched face, considering also his tragic and colorful history, Vanadium spoke with remarkably little drama. His voice was calm, nearly flat, rising and falling so little that he almost talked in a monotone..AFTER UNDERGOING TESTS for brain tumors or lesions, to ascertain whether his seizure of violent emesis might, in fact, have a physical cause, Junior was returned to his hospital room shortly before noon..Ten months later, he finally wore her down. She accepted his proposal, and they set a date for the

wedding. "Pie, pie, pie, pie, pie, pie, pie, pie," Barty repeated in the same tone of self-satisfied delight that he used when announcing "Barty potty." In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself. "Not only coal miners. Old as you are in some ways, you're still too young for me to explain. I will someday." Celestina stared out for a moment, and then turned her head to look at Tom, with both the shade of the night and the sparkle of the metropolis still captured in her eyes. "What was that all about?" Their work, tears were followed by reminiscences that brought a smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness. "Which is?" His eyes widened, and his voice became husky with pretended fear. "They're always ... evil. Fear of the unknown is a weakness, for it presumes dimensions to life beyond human control. Zedd teaches that nothing is beyond our control, that nature is just a mindlessly grinding machine with no more mysteries in it than we will find in applesauce. Of drool. Her eyes rolled, wild with fear, and seemed not to be focused on anything. Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic-unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered-to Jacob-as were the numbered pages in a book. On one particular street in Bright Beach, however, the most significant event of the year occurred on a pleasant afternoon in early April, when Barty, now nine years old, climbed to the top of the great oak and perched there in triumph, king of the tree and master of his blindness. To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma. "We don't sell no pizza," Angel said, because lately they had received a few calls for a new pizzeria with a phone number one digit different from theirs. As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings. pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here, MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention. Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". Glorifying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him. If the wife killer had cut himself accidentally, his writing on the wall indicated a hair-trigger temper and a deep reservoir of long-nurtured anger. On Christmas Eve, 1996, the family gathered in the middle of the three houses for dinner. The living-room furniture had been moved aside to the walls, and three tables had been set end to end, the length of the room, to accommodate everyone. "When I couldn't get enough nightclub and theater bookings for my magic act anymore ... I turned to gambling." The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his eyes. Leaving his cell he had felt the spellbonds loosen and fall away, but there were other spells woven about other buildings of the place, especially around a tall stone tower, filling the air with sticky lines of resistance and repulsion. If he tried to push forward into them his face and belly stung with jabs of agony, so that he looked at his body in horror for the wound; but there was no wound. Gagged and bound, without his voice and hands to work magic, he could do nothing against these spells. Licky had tied one end of a braided leather cord around his neck and held the other end, following him. He let Otter walk into a couple of the spells, and after that Otter avoided them. Where they were was plain enough: the dusty pathways bent to miss them. The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd. If their relationship had not been limited to a single evening of passion, if they had not been of two worlds, if she had not been underage and therefore jailbait, they might have had an open romance, and then her death would have touched him more deeply. Between Isleton and Locke, Junior first became aware of several points of soreness on his face. He could feel no swelling, no cuts or scrapes, and the rearview mirror revealed only the fine features that had caused more women's hearts to race than all the amphetamines ever manufactured. Those ominous words again, turning through his memory, reel to reel. This time he actually heard them spoken. The voice commanded minded attention with a deeper timbre and crisper diction than his own. She fussed over him, took his temperature, and spooned two chips of ice into his parched mouth. Leaving, she gave Celestina a meaningful look and tapped her wristwatch. "I can't." Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much. He didn't allow himself to ponder why Vanadium had come here or what relationship might have existed between the cop and Victoria. All that was for later consideration, after he had dealt with this unholy mess. Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. "For one thing, jurors might conclude that the authorities never really suspected you and tried to frame you for murder to conceal their culpability in the poor maintenance of the tower. By far, most of the cops think you're innocent anyway." She repeated this ritual eleven more times--"For Andrew, for James, for John"--frequently glancing into the nave behind her, to be sure that she was unobserved. Through her efforts, the Bright Beach Public Library sponsored an ambitious oral-history project financed by two private foundations and by an annual strawberry festival. Local retirees were enlisted to record the stories of their lives, so that their experiences, insights, and knowledge wouldn't be lost to generations yet unborn. Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate. "There's lots of places where I don't have bad eyes at all. And then lots of places where I have it worse or don't have it as bad, but still have it some." Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come. To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner* Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing. The old woman crumpled with a papery rustle, as though she were an elaborately folded piece of origami. She would be unconscious for a while, and after she came around, she probably wouldn't remember who she was, let alone what make of car she'd been driving, until Junior was well out of Eugene. "Cancer," she whispered,

and superstitiously reproached herself for speaking the word aloud, as though thereby she'd given power to the malignancy and ensured its existence..Of course, when turning a quarter across his knuckles, the cop had made no noise. And he had glided across the hospital room, in the dark, with feline stealth..Anyway, the thing that scared her was not the monstrous father of this child. The fearsome thing was the decision that she had made a few minutes ago, in the unused hospital room on the seventh floor.
