Although her hands were shaking and her knees felt as though they might buckle, Agnes lifted two pies off the table..Junior felt a little lightheaded. He felt strange. He hoped he wasn't coming down with the flu.."Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just

needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." Suddenly and seriously creeped out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination..Instead of sitting behind his desk, he settled into the second of two patient chairs, beside her. This, too, indicated bad news.. "I've got one of those faces so ordinary you see it everywhere," said Edom, and decided to tell the story of the Tri-State Tornado of 1925.. Jacob had become a card mechanic for one purpose. Not because he'd ever be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended-the thousands of hours of practice-was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand.. Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies.. Agnes knew now why this prognostication had dismayed rather charmed her: If you dared to believe in the good fortune predicted he cards, then you were obliged to believe in the bad, as well.. Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash.. Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity.. "One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state.. Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation.. "You can learn em." Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot.. He remembered the collection of Caesar Zedd self-help drivel that had occupied a place of honor in the wife killer's former home in Spruce Hills. Cain owned a hardcover and a paperback of each of Zedd's works. The more expensive editions had been pristine, as though they were handled only with gloves; but the text in the paperbacks had been heavily underlined, and the corners of numerous pages had been bent to mark favorite passages.. JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza.. Professing befuddlement, the galerieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels.. Heedless of the rules of standard police procedure, Tom raced to the doorway, crossed the threshold, and saw Barty throw a can of soda at the shaved head and pocked face of a transformed Enoch Cain.. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt.. An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian.. He went in a pretense of blindness, gripping Angel's arm, but he missed nothing, and etched every detail in his memory, against the need of them in the coming dark.. "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read.".. Seraphim's child had been alive is long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him.. "That's correct," Parkhurst said. "Probably one or more small blood vessels ruptured from the extreme violence of the emesis.".. Alone with Paul, as he stood abashed, she removed her blouse and bra and, with arms crossed over her breasts, revealed to him her savaged back. Whereas her father had used open-hand slaps and hard fists to teach his twin sons the lessons of God, he preferred canes and lashes as the instruments of education for his daughter, because he believed that his direct touch might have invited sin. Scars disfigured Agnes from shoulders to buttocks, pale scars and others dark, crosshatched and whorled.. "Where did you hear that expression," she demanded, though she couldn't conceal her amusement.. Luck favored Paul: The hero was here, having breakfast. He and two other men were deep in conversation at a comer table.. The longer they were required to lie low in fear, the more likely Celestina would be to cast caution aside and return to Pacific Heights, Tom knew her well enough to be sure that she was a fighter rather than a runner. Being in hiding frustrated her. Day by day, hour by hour, with no target date for resuming a normal life, she would quickly lose patience. Rubbed raw, her dignity and sense of justice would compel her to act-perhaps more out of emotion than out of reason.. From the moment the girl was admitted on the evening of January 5, the nurses at St. Mary's Hospital in San Francisco called her Phimie, too, not because they knew her well enough to love her, but because that was the name they heard Celestina use.. "Thursday it is," he said, clearly delighted to be receiving only a third of the fair-market rental from his apartment.. Ursula K. Le Guin.. Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God.. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?".. This was a memory, not a real voice. Even after you became an accomplished meditator, the mind resisted this degree of blissful oblivion and tried to sabotage it with aural and visual memories.. The guesswork of a wizard is close to knowledge, though he may not know what it is he knows. The first sign of Otter's gift, when he was two or three years old, was his ability to go straight to anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a boy one of his dearest pleasures had been to go alone out into the countryside and wander along the lanes or over the hills, feeling through the soles of his bare feet and throughout his body the veins of water underground, the lodes and knots of ore, the lay and interfolding of the kinds of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the descents to airy caverns, the glimmer of branched silver in the walls; and as he went on, it was

as if his body became the body of earth, and he knew its arteries and organs and muscles as his own. This power had been a delight to him as a boy. He had never sought any use for it. It had been his secret..Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning..same," Agnes admonished. "Who's been raising you, sugarpie, if you don't know that? Are you going to pretend you've been brought up by wolves for nine years?".The old woman crumpled with a papery rustle, as though she were an elaborately folded piece of origami. She would be unconscious for a while, and after she came around, she probably wouldn't remember who she was, let alone what make of car she'd been driving, until Junior was well out of Eugene.. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." With a nimbleness and an alacrity that a lemur would have admired, the girl ascended to the first crotch..Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous Day" throughout his long assault on her sister..He was uncomfortable, achy, thirsty, but he remained utterly still and observant. After a while, he realized that the sense of oppression with which he'd awakened was not entirely a psychological symptom: Something heavy lay across his abdomen. And it was cold-so cold, in fact, that it had numbed his middle to the extent that he hadn't immediately felt the chill of it. Shivers coursed through him. He clenched his jaws to prevent his teeth from chattering and thereby alerting the man in the chair. Although he never took his eyes off the corner, Junior became preoccupied with trying to puzzle out what was draped across his midsection. The mysterious observer made him sufficiently nervous that he couldn't order his thoughts as well as usual, and the effort to prevent the shivers from shaking a sound out of him only further interfered with his ability to reason. The longer that he was unable to identify the frigid object, the more alarmed he became. He almost cried out when into his mind oozed an image of Naomi's dead body, now past the whitest shade of pale, as gray as the faint light at the window and turning pale green in a few places, and cold, all the heat of life gone from her flesh, which was not yet simmering with any of the heat of decomposition that would soon enliven it again.. "-and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf.." Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?". "It's easy to see you as a cop," Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too." Junior gave the Raisinets to him, and Google left the theater with his candy and his cash.. "Our new roof," Bill said, pointing overhead, "will hold through any hurricane. Fine work. You tell Agnes what fine." Paul watched as Barty hopped down from his chair and crossed the busy kitchen in a straight line to the wall phone, without one hesitant move..The prickly-bur ghosts of two little children didn't concern him. At worst, they were spiritual gnats..murdered would be discounted. And if every death was suspicious to him, then he would quickly lose interest in Junior and move on to a new enthusiasm, harassing some other poor devil..She slept for a while, waking to a prayer spoken softly but fervently in Spanish..Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed..Startled, Junior sat up straight, clutching the silencer-fitted pistol, but the cruiser didn't abruptly brake and pull to the curb in front of the Mercedes, as he expected..He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn..As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy.. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire."..honor and family. This was life, and everyone lived his life in the shadow of one solemn obligation or another..He either detected their well-concealed surprise or assumed they would be curious as to why, in spite of extensive surgery, he still wore this Boris Karloff face..Smiling again, speaking in a voice hardly louder than a whisper, he said, "Got a wedding date to keep." Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist."..While Jacob ate, he browsed through a new coffee-table book on dam disasters. He talked more to himself than to Barty and Angel, as he spot-read the text and looked at pictures. "Oh, my," he would say in sonorous tones. Or sadly, sadly: "Oh, the horror of it." Or with indignation: "Criminal. Criminal that it was built so poorly." Sometimes he clucked his tongue in his cheek or sighed or groaned in commiseration.. "If Phimie wasn't here," Celestina said, "and then she came back, she was somewhere during that minute, wasn't she?". On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in-the only thing he believed in-was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false.As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled..Although, by unspoken agreement, they avoided any talk of loss and death, the mood remained grim. Angel sat in thoughtful silence, pushing her food around her plate rather than eating it. Her demeanor intrigued Tom, and he noticed that it worried her mother, who put a different interpretation on it than he did..Beyond the window, Barty failed to do any of the things that Agnes expected of a boy not fully enough part of the day to share its rain: He didn't flicker like an image on a static-peppered TV screen; he didn't shimmer like a phantom figure in Sahara heat or blur like a reflection in a steam-clouded mirror.. "The piece that's intrigued me," Junior revealed, "is the one that's rather like a c-c-candlestick. It's quite different from the others."..The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamony smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings..Wishing he had left the gauze wrappings on his face, but afraid that the airwaves might already be carrying news of the bandaged man who had killed a minister in Spruce Hills, Junior abandoned the Dodge and hurriedly walked back to the private-service terminal, where the pilot from Sacramento waited. At the sight of his passenger, the pilot blanched and said, Allergic reaction to WHAT? And Junior said, Camellias, because Sacramento was the Camellia Capital of the World, and all that he wanted was to get back there, where he'd left his new Ford van and his Sklents and

his Zedd collection and everything he needed to live in the future. The pilot couldn't conceal his intense revulsion, and Junior knew that he would have been stranded if he hadn't paid the round-trip charter fare in advance. "Maybe I won't have to try as hard as I think, because you make it so easy, Barty." Tom caused less of a stir in the restaurant than Kathleen had expected. Other diners noticed him, of course, but after one or two looks of shock or pity, they appeared indifferent, though this was undoubtedly the thinnest pretense of indifference. The same quality in him that elicited deferential regard from the waiter apparently ensured that others would be courteous enough to respect his privacy. In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it. The family didn't exist in anticipation of developments with Barty and Angel, didn't put the pair at the center of their world. Instead, they did the good work, shared the satisfactions that came daily with being part of Pie Lady Services, and got on with life. evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future. When he came to himself, sick and weak from the poison and with an aching skull, he was in a room with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging, tightening as he moved. He could stand, but could not take a step towards the door. He could not even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat down again and tried to hold still. The spellbonds around his chest kept him from breathing deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for them. In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?". Barty wore elfin-size, knitted blue pajamas complete with feet, white rickrack at the cuffs and neckline, and a matching cap. His white blanket was decorated with blue and yellow bunnies. "Your mind is as fascinating as ever," he said. "Your soul as beautiful. Listen, Per, since we were thirteen, I was never primarily interested in your body. You flatter yourself shamelessly if you think it was all that special even before the polio." Junior had almost fumbled his fork when he recognized the tune. His heart raced. His hands were suddenly clammy. "I thought so," Angel said, dubiously squinching her face. "Mrs. Ornwail made me cheese." His precious wife had fallen from the tower and died only hours before this girl was born. This girl ... this vessel. Tom Vanadium rose to his feet and, with one hand on Barty's shoulder, he surveyed the faces of those gathered on the porch. Most of these people were such new acquaintances that they were all but strangers to him. Nevertheless, for the first time since his early days in St. Anselmo's Orphanage, he'd found a place where he belonged. This felt like home. An unfortunately bumpy ride for the deceased: along the hallway, through the foyer, across the entry threshold, down the porch steps, across a lawn dappled with pine shadows and yellow moonlight, to the graveled driveway. No complaints. "We have dams, though," said Jacob, gesturing with his fork. "The Johnstown Flood, 1889. Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire families were swept from the earth. Ninety-eight children lost both parents." Without commenting, Tom continued: "And worlds just like ours-except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could. "Vomiting. I'm told it was an exceptionally violent emetic episode." "He spewed like a fire hose," Vanadium said matter-of-factly. Bressler but no Vanadium. A girl named Angel. Something was wrong here. Something was rotten. "It's not a specific brand you can't have, it's the whole idea of a candy bar." He would come. She knew. She had always known, but had half forgotten. There was something special about Angel, and because of that specialness, she lived under a threat as surely as the newborns of Bethlehem under King Herod's death decree. Long ago, Celestina glimpsed a complex and mysterious pattern in this, and to the eye of the artist, the symmetry of the design required that the father would sooner or later come. Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft. With a smudge of flour on one cheek, wiping her hands on a red-and-white checkered dishtowel, Agnes answered the door, saw the car in the driveway, and said, "Paul! You're not walking?". He got behind the wheel of the Studebaker, started the engine, did a hard 180-degree turn, using more lawn than driveway, and cried out in terror when Vanadium moved noisily in the backseat. The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first. Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies.
