Kath laughed again. "Do they? They don't really, you know. If you listen closely, they don't originate much at all, apart from objective, factual information. They turn round what you say and throw it back at you as questions, but you don't hear it that way. You think they're telling you something that they're not." Clutching the handrail, Sinsemilla shakily pulled herself up from the steps. She went inside, into the clock. Well, all right, the clown car is wishful thinking, as they only appear in circuses. In fact, it's certain to be. But Colman felt that he did belong here--among the machines. He understood them and talked their language, and they talked his. They were talking to him now in the vibrations coming through his suit. The language of the machines was plain and direct. It had no inverted logic or double meanings. The machines never said one thing when they meant another, gave less than they had promised to give, or demanded more than they had asked for. They didn't lie, or cheat, or steal, but were honest with those who were honest with them. Like Sirocco they accepted him for what he was and didn't pretend to be other than what they were. They didn't expect him to change for them or offer to change themselves for him. Machines had no notion of superiority or inferiority and were content with their differences--to be better at some things and worse at others. They could understand that and accept it. Why, Colman wondered, couldn't people? Bernard frowned uncomprehendingly. "Yes, . . . Why. and finished to the color and glimmer of Cabernet..silent and as merciless as the cold stars beneath which they prowl. Or perhaps without warning, a. and being rude to nuns..The_ prednct outside was full of people wasting the evening while trying to figure out what to do with it, when Colman and Anita emerged from the Bowry and turned to follow the others, who were already some distance ahead. Anita stopped to fish for something in. her pocketbook, and Colman slowed to a halt to wait. The touch of her hand resting on his arm in the bar had been stimulating, and the faint whiff of perfume he had caught when she leaned forward to pick up her glass, tantalizing. What the hell? he thought. She's not a kid. A guy needed a break now and again after twenty years of being cooped up in a spaceship;.use..seed, you don't scare me!". "Good, very good. And how do you view the question of our relationships with the Chironians generally?". "But I never dreamed that one of them would . . . that you . . .". Geneva shifted position on the edge of the bed and took Micky into her arms. The great warmth of her. "It seems to be. How about Borfein and Wellesley?" Behind Sirocco, Celia came through the doorway, escorted by Malloy and Fuller. Stanislaw was behind, carrying a field compack..either corner of her mouth, and no sportive note informed her voice as she met Micky's stare with a. "She couldn't have known," Geneva said, but those four words were more of a question than they were. In the corridor, the quartet had shifted to Mozart. "Have the robots been kept on as a kind of tradition?" Bernard asked..and press charges against the congressman?". Preston Claudius Maddoc wasn't an ordinary mortal. Despite having worked under him for several years, Fallows had never been able to master the art of feeling at ease in Merrick's presence. Displays of undue familiarity were hardly to be expected between echelon-six and echelon-four personnel, naturally, but even allowing for that, Fallows always found himself in acute discomfort within seconds of entering a room with Merrick in it, especially when nobody else was present. This time he wouldn't let it happen, he had resolved for the umpteenth time back in the corridor. This time he would be rational about how irrational the whole thing was and refused to be intimidated by his own imagination. Merrick had not singled him out as any special object of his disdain. He behaved that way with everybody. It didn't mean anything.. "What about the sentries?" Sirocco asked curtly,. Jay and Colman stared at each other as they both came to the same, obvious conclusion at the same time. "That's it," Jay murmured..about.
