The result was declared a success by unanimous proclamation, and over the meal the Terrans talked mainly about the more memorable events during the voyage while Kath was curious to learn more about the Mayflower II's propulsion system in anticipation of the tour that she was scheduled to make with the Chironian delegation. Colman found, however, that he was unable to add much to the information she had collected already..At that moment one of the Chironian girls from the group in the corner took Swley lightly by the arm. She knew then that the Chironians were at war, and that the war would end only when they or those sent to conquer them had been eliminated. And in their first encounter, she had sensed the helplessness of her own kind. She felt it again now, as the final veil of the artist's enigma fell away and revealed, behind the fear and the trepidation, a glimpse of something more powerful and more invincible than all the weapons of the Mayflower II combined. She was staring at her own extinction.. "You said fifty or a hundred thousand." "By my authority." Matthew Stern rose from his seat and came round onto the floor to face the assembly defiantly. "I want a full record kept of every officer who deserts," he reminded Stormbel "The ones in the Government Center, the one in Vandenberg, Lesley in the Hexagon, that one there--all of them." His voice was calm but all the more menacing for its iciness. "They will answer for this when the time comes. General, detach the Battle Module immediately and proceed as planned."
